Policy Title: Play Strategy 2018 – 2026 – Play Park Closures

Brief Description of Policy (please attach copy if available). Please state if it is a new, existing or amended policy.

Existing Strategy 2018 - 2026

The Purpose of the Armagh City, Banbridge and Craigavon Borough Council Play Strategy is to establish a strategic framework within which all decision making as it relates to the provision of fixed play and non-fixed play can take place.

<https://getactiveabc.com/homepage/play-development/>

Play Park Closures are part of the Play Strategy 2018-2023 and this screening form relates only to Play Park Closures. This is a new screening based on the Play Strategy Policy developed in May 2019.

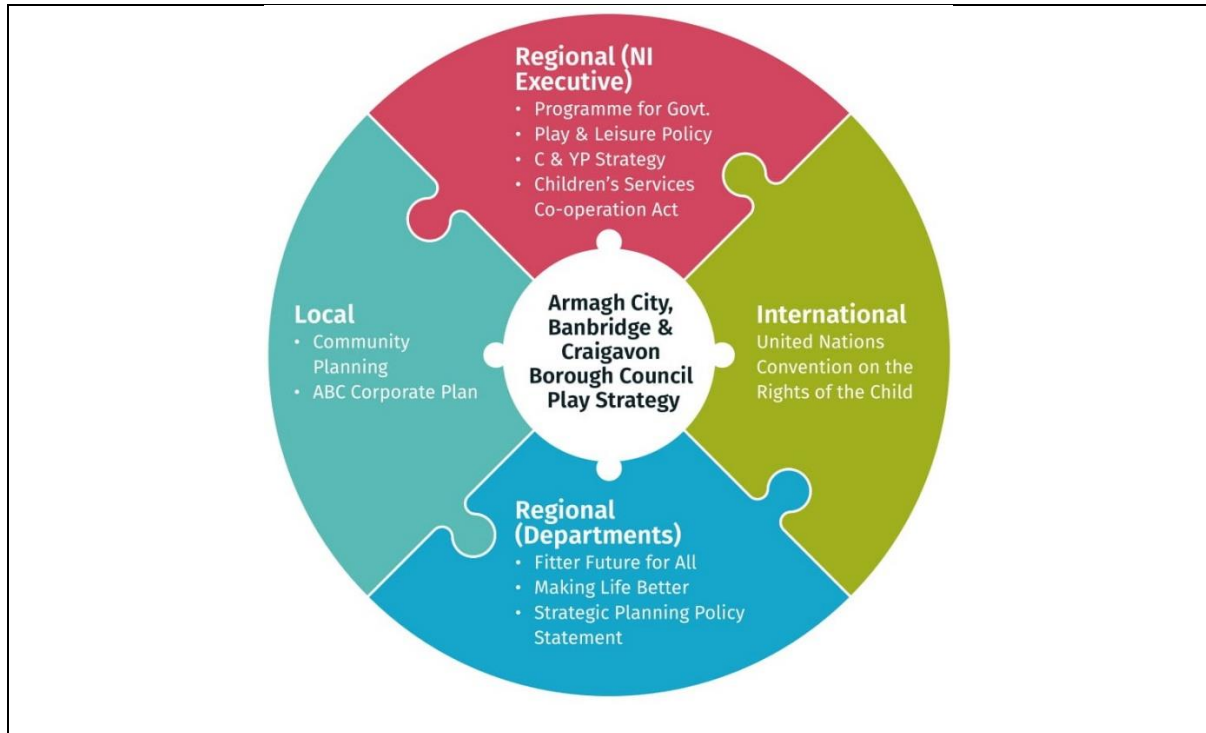

Intended aims/outcomes. What is the policy trying to achieve?

In rolling out this strategy we aim to ensure that children and young people living in or visiting the council area are best able to meet their play needs. Armagh City, Banbridge and Craigavon Borough Council have therefore agreed a number of key aims:

- To make Parks and open spaces attractive and welcoming to children and young people, allowing them an opportunity to engage in a wide range of play activities within the natural environment.
- To ensure that fixed play areas are attractive, welcoming, safe challenging, accessible and inclusive whilst providing a high level of play value for all children and young people.
- To ensure that all future fixed play provision is targeted at those areas of greatest need, leased on an ongoing review of underlying demographics requirements.
- To encourage adults within the community to acknowledge the play needs of children and young people and recognise the positive contribution play makes to society.
- To provide children and young people, parents and communities with opportunities to engage in the planning process as it relates to meeting local play need.
- To establish a portfolio of approaches to meeting play need, incorporating not only fixed play but also street and community play, play volunteer schemes and other non-fixed approaches.
- To ensure that all appropriate council staff receive the training they require in order to implement and oversee the roll-out of the play strategy.
- To embed the play strategy within emerging Community Planning process ensuring broad, collective responsibility for meeting play need across the partnership.

Policy Framework

Has the policy been developed in response to statutory requirements, legal advice or on the basis of any other professional advice? Does this affect the discretion available to Council to amend the policy?

Are there any Section 75 categories which might be expected to benefit from the policy? If so, please outline.

Available Evidence

Council should ensure that its screening decisions are informed by relevant data. What evidence/information (both qualitative and quantitative) have you gathered to inform this policy? Specify details for each of the Section 75 categories.

Section75 category	Evidence
Religious belief	<p>Religious composition of ABC 2011</p> <p>The designation of settlements and provision of development opportunities needs to be carefully considered against the needs and spatial distribution of people of different religion or political opinion to prevent prejudice of any religious or political group and thus meet the requirements of Section 75 of the Northern Ireland Act. Therefore the Plan is where possible, aims to provide play services accessible to all.</p> <p>The 2011 Census showed that 43% of the population in the Borough were either Catholic or brought up as Catholic and 52% belonged to or were brought up in Protestant, other Christian or Christian-related denominations. A further 1% belonged to or had been brought up in other religions, while 5% neither belonged to, nor had been brought up in, a religion.</p>
Political opinion	<p>Armagh City, Banbridge and Craigavon Borough Council has 41 elected members, the breakdown of seats by political party is:</p> <ul style="list-style-type: none"> • Democratic Unionist Party – 11 • Ulster Unionist Party - 10 • Sinn Fein - 10 • Social Democratic and Labour Party - 6 • Alliance - 3 • Independent - 1 <p>A total of 79,309 votes were polled in the borough from an eligible electorate of 147,977 giving a turnout of 53.6%. This breakdown is taken as an approximate representation of the political opinion of people within the Borough.</p>
Racial group	<p>The 2011 Census showed that:</p> <ul style="list-style-type: none"> • 98.5% of the usually resident population of the Borough were White and 1.5% were from minority ethnic groups. The main ethnic minorities were Mixed (605 individuals), Chinese (528 individuals) and Other Asian (463 individuals). • 89.0% of residents in the Borough were born in Northern Ireland. The Borough had 5.4% of residents or 10,846 individuals who were born outside the United Kingdom or Republic of Ireland. <p>4.1% of residents aged 3+ years or (7,896 individuals) spoke a language other than English or Irish as their main language. Apart from English and Irish, the most common other main languages were Polish (2,919 residents aged 3+ years), Lithuanian (1,736) and Portuguese (834). Of those whose main language is not English or Irish, 34% cannot speak English or cannot speak it well (based on the three legacy council areas).</p>

Age	<p>The population of the Borough was estimated to be 216,205 at 30 June 2019. The profile by age group is:</p> <ul style="list-style-type: none"> • 0-15 years - 23% • 16-39 years - 30% • 40-64 years - 32% • 65+ years - 16% <p>The Borough has a growing and ageing population. The population of the Borough is projected to increase by almost 8% or 16,675 people over the next 10 years to 2029. The largest percentage increase is projected in the 65 and over age group (29%). Within this age group the number aged 85 and over are projected to increase by an extra 1,781 people (46%).</p>
Marital status	<p>The 2011 Census provides information on the marital status profile of those aged 16 and over in the Borough:</p> <ul style="list-style-type: none"> • Single (never married or never registered a same-sex civil partnership) - 34% • Married - 51% • In a registered same-sex civil partnership - 0.1% • Separated (but still legally married or still legally in a same-sex civil partnership) - 4% • Divorced or formerly in a same-sex civil partnership which is now legally dissolved - 5% <p>Widowed or surviving partner from a same-sex civil partnership - 7%</p>
Sexual orientation	<p>The 2011 Census did not include a question on sexual identity. The Continuous Household Survey provides results on the sexual identity of persons aged 16 and over. In 2017/18 - 2019/20, 98% of respondents to the survey identified as Heterosexual/Straight, 1% as Gay/Lesbian and 1% as Bisexual in the Borough. Note figures may not sum to 100% due to rounding. Results from the 2019 Northern Ireland Life and Times Survey showed for adults aged 18 and over in NI overall:</p> <ul style="list-style-type: none"> • I am 'gay' or 'lesbian' (homosexual) - 2% • I am heterosexual or 'straight' - 90% • I am bi-sexual - 1% • Other answer - 1% • I do not wish to answer this question – 7% <p>Note figures may not sum due to rounding.</p>
Men and women generally	<p>The 2011 Census showed that in Armagh City, Banbridge and Craigavon Borough 49% (98,713) of usual residents were males and 51% (100,980) were females.</p> <p>Population estimates for 2019 show the borough is made up of 107,540 (49.7%) males and 108,665 (50.3%) females.</p>
Disability	<p>In 2011, one fifth (20%) of people (or 39,861 individuals) in the Armagh City, Banbridge and Craigavon Borough had a long-term health problem or disability that limited their day-to-day activities.</p> <p>The Family Resources Survey showed, using data for 2015/16 to 2017/18, 19% of individuals in the Borough were disabled, similar to the level in NI overall (21%).</p>

	<p>Benefit statistics from the Department for Communities showed as of May 2020 there were:</p> <ul style="list-style-type: none"> • 2,120 or 4.4% of under 16 population and 6,070 or 18.1% of 65 and over population claiming Disability Living Allowance • 5,550 or 16.6% of 65 and over population claiming Attendance Allowance <p>15,130 Personal Independence Payment claims in payment (experimental statistics).</p>
Dependants	<p>The 2011 Census showed: 36% or 27,287 households in the Borough contained dependent children. 12% of the population (or 23,101 individuals) provided unpaid care. Of those who provided unpaid support:</p> <ul style="list-style-type: none"> • 58% provided 1-19 hours per week, • 17% provided 20-49 hours per week, and • 25% provided 50+ hours per week. <p>Benefit statistics from the Department for Communities show that at May 2020, there were 7,940 claimants or 4.7% of 16 and over population claiming Carer's Allowance in the Borough.</p>

Needs, experiences and priorities

Taking into account the information gathered above, what are the different needs, experiences and priorities of each of the following categories in relation to this particular policy/decision?

Section 75 category	Needs, experiences and priorities
Religious belief	<p>There is no evidence of any different needs, experiences or priorities for this Section 75 group. All groups will benefit directly and/or indirectly from The Play Strategy.</p> <p>Through the Play Strategy the following will be included in any closure of a play park:</p> <p>Communities who live in the area of the Play Park are consulted either by post or via online platforms prior to the removal of their play park. There is also a dedicated e-mail for play where communities can respond into play@armaghbanbridgecraifavon.gov.uk.</p>
Political opinion	<p>There is no evidence of any different needs, experiences or priorities for this Section 75 group. Age	<p>Young people will particularly benefit from this strategy as it acknowledges that play is a natural and fundamental aspect of children's lives that supports growth and development across a range of developmental areas.</p>
Marital status	<p>No Needs or priorities identified relating to marital status.</p>
Sexual orientation	<p>No Needs or priorities identified relating to sexual orientation status.</p>
Men and women generally	<p>No Needs or priorities identified relating to gender. It is intended that The Play Strategy will benefit people regardless of gender.</p>
Disability	<p>The Play Strategy has been designed to be fully compliant with the Disability Discrimination Act (DDA) 1995. This will address all needs and priorities of those with disabilities.</p> <p>Inclusive Play A fundamental aspect of ensuring accessibility to play for all is the need to ensure that play areas offer opportunities for children and young people to play together regardless of individual ability or disability levels.</p> <p>The provision of inclusive play is a legal requirement under the (DDA) which lay down rights for disabled people to have the same access to 'goods and services' as other members of the public. From 2004 the DDA also required schools and service providers to make 'reasonable adjustments' to overcome barriers and to ensure that disabled children and young people are not disadvantaged.</p> <p>Despite some progress in recent years, children with disabilities still face significant barriers to accessing play opportunities. Some of these barriers are practical or environmental, for example physical access issues, whilst others are attitudinal or social in nature.</p> <p>Inclusive play means more than simply providing physical access to play areas or open spaces. In order to be truly inclusive a play area must be open and accessible to all, providing high quality physical, creative and social play opportunities for children regardless of their needs and abilities.</p>

	<p>The play environment should provide a range of sensory experiences, have open access to play opportunities and offer opportunities for all children to extend their capabilities and explore possibilities through play. Expensive, specialised equipment is rarely needed; rather equipment should be multi-functional and open to all abilities e.g. inclusive roundabout.</p> <p>Through the Play Strategy the following will be included in any closure of a play park:</p> <p>Communities who live in the area of the Play Park are consulted either by post or via online platforms prior to the removal of their play park. Dependants	<p>The 2011 Census as recorded in The Play Strategy</p> <p>Armagh - 21% of the overall population are dependent (0-14) Banbridge – 21% of the overall population are dependent (0-14) Craigavon – 21% of the overall population are dependent (0-14)</p> <p>The distribution of young people aged 15-19</p>

Improved access and equipment will support all users.</p> <p>Playing in a Local Play Park can be a multi-identity, get moving activity.</p>

Disability Discrimination (NI) Order 2006

Is there an opportunity for the policy to promote positive attitudes towards disabled people?

Each of the new/refurbished Local Play Parks will have at least four pieces of inclusive equipment (inclusive basket swing, inclusive wheel spin, inclusive harness swing & inclusive panels) where children and young people can play. During the consultation process children and young people and adults of all abilities are included in the process and have their say. Play by its nature is inclusive. All of the new/refurbished local play parks are also accessible to the pieces of equipment within that play park.

Is there an opportunity for the policy to encourage participation by disabled people in public life?

Screening Decision

A: NO IMPACT IDENTIFIED ON ANY CATEGORY – EQIA UNNECESSARY

Please identify reasons for this below

B: MINOR IMPACT IDENTIFIED – EQIA NOT CONSIDERED NECESSARY AS IMPACT CAN BE ELIMINATED OR MITIGATED

Where the impact is likely to be minor, you should consider if the policy can be mitigated or an alternative policy introduced. If so, an EQIA may not be considered necessary. You must indicate the reasons for this decision below, together with details of measures to mitigate the adverse impact or the alternative policy proposed.

The Purpose of the Armagh City, Banbridge and Craigavon Borough Council Play Strategy is to establish a strategic framework within which all decision making as it relates to the provision of fixed play and non-fixed play can take place. This policy will particularly benefit children and young people, children and young people with disabilities and those with dependants. Prior Consultations will happen with the community prior to any Play Park being removed to reduce any negative impact but it may have minor impact to those residents who live closest to the play park.

In the case of potential removal of a play area, council will engage with local communities in order to determine the true level of demand for fixed play within the area (for example door to door survey or online survey). This will help to update the available demographic data which has been used in the strategy and will ensure an accurate reflection of local need.

Should it be determined that there is no longer a need for a play area within a specific location council will initiate a consultation process aimed at ensuring that communities have a say in the transformation of the site to maintain value for the community.
The Play Park area will be returned to grass where non-fixed play can continue to take place.

For some of the play parks identified through the strategy for closure they consist of one swing set.

Where a play area has been identified for upgrade council will seek to engage with the community as part of the redevelopment process and will work to ensure that children and young people, parents, and carers and the wider public within the area are able to feed their views into the process of design and development. Where the play park area is identified to be moved then the community will be made aware that the old play park will be removed as part of the renewal process through the consultation process.

C: MAJOR IMPACT IDENTIFIED – EQIA REQUIRED

If the decision is to conduct an equality impact assessment, please provide details of the reasons.

Timetabling and Prioritising

If the policy has been screened in for equality impact assessment, please answer the following questions to determine its priority for timetabling the equality impact assessment.

On a scale of 1-3 with 1 being the lowest priority and 3 being the highest, assess the policy in terms of its priority for equality impact assessment.

Priority criterion	Rating (1-3)
Effect on equality of opportunity and good relations	
Social need	
Effect on people's daily lives	

The total rating score should be used to prioritise the policy in rank order with other policies screened in for equality impact assessment. This list of priorities will assist the council in timetabling its EQIAs.

Is the policy affected by timetables established by other relevant public authorities? If yes, please give details.

Monitoring

Effective monitoring will help the authority identify any future adverse impact arising from the policy. It is recommended that where a policy has been amended or an alternative policy introduced to mitigate adverse impact, monitoring be undertaken on a broader basis to identify any impact (positive or adverse).

Further information on monitoring is available in the Equality Commission's guidance on monitoring (www.equalityni.org).

Identify how the impact of the policy is to be monitored

The overall strategy should be reviewed every eight years to ensure that the underlying principles remain sound with mid-point review after four years.

Ongoing monitoring and evaluation by the Play Development Team will be ongoing throughout the process of removing a play park.

Lessons learned and conversations had will be shared at each of the progress meetings for monitoring by the team and the contractor.

Play parks will only be removed where prior consultation has take place and residents informed.

Continued professional development by the team and the contractor are also shared at the progress meetings for considerations and progression.

Approval and Authorisation

A copy of the screening form for each policy screened should be signed off by the senior manager responsible for that policy. The screening recommendation should be reported to the relevant Committee/Council when the policy is submitted for approval.

Screened by	Position/Job title	Date
Joan Noade	Play Development Officer	July 2021
Approved by	Position/Job Title	Date
Jonathan Hayes	Head of Department	July 2021

Please forward a copy of the completed policy and form to:

mary.hanna@armaghbanbridgecraigavon.gov.uk

who will ensure these are made available on the Council's website.

The above officer is also responsible for issuing reports on a quarterly basis on those policies "screened out for EQIA". This allows stakeholders who disagree with this recommendation to submit their views. In the event of any stakeholder disagreeing with the decision to screen out any policy, the screening exercise will be reviewed.
