2.2 Matters arising from minutes

Catherine McFarland, advised partners that she was currently Chair of the Chartered Institute of Public Sector Finance & Accountancy (CIPFA). She advised that they are in the process of organising their Northern Ireland Conference which takes place 17th October in Stormont Hotel, Belfast.

Sue Gray Permanent Secretary, Department of Finance is opening the conference and the organisers have agreed to include a workshop on Participatory Budgeting. Dr. Louise O'Kane from Community Places will facilitate this session along with colleagues. As there will be a captive audience of accountants and auditors, it was felt it would be a good opportunity to further the profile of PB, highlight some of the successes to date and the plans underway for the current year. Catherine advised that it had been promoted through the normal CIPFA channels but it would be beneficial if this could be passed to SOLACE, Roger advised that David Jackson was the Chair of SOLACE and it could be directed via him.

Louise McMahon remarked that there may be a number of finance personnel within the Health and Social Care Board that were non CIPFA members who may not be aware of the conference and she would disseminate through the board. She commented further that it would be helpful if this was promoted directly via the Permanent Secretary office.

Ciaran Mee advised partners that DfC had commissioned a video on community planning and PB. The primary audience was aimed at departments and arms lengths bodies to raise the profile of community planning and PB, he advised that some PB projects were included in the video.

AGREED: that the invitation to the CIPFA Northern Ireland Conference be passed to Community Planning Team for onward circulation to the Community Planning Strategic Partnership for consideration and sharing within own organisations.

AGREED: that the promotional video commissioned by DfC would be circulated to Community Planning Team for onward circulation to the Community Planning Strategic Partnership once this was finalised.
