

4. Looking to the Evidence to Inform CWTAP Action Plan

Jennifer Doak

Developing the Action Plan: Building the Evidence Base

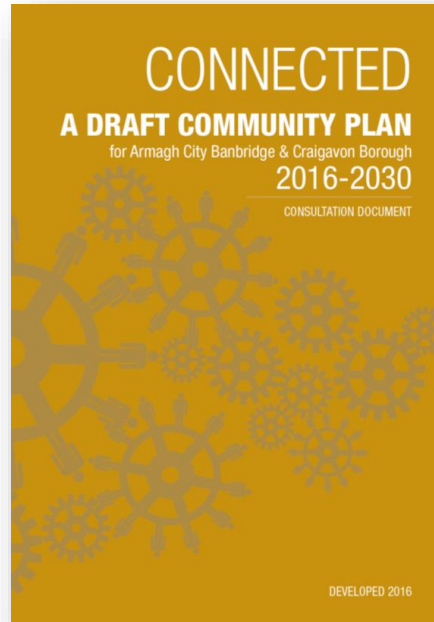

- Establishes openness and transparency
- Supports planning and prioritising
- Enables starting point to measure change and the difference made over time

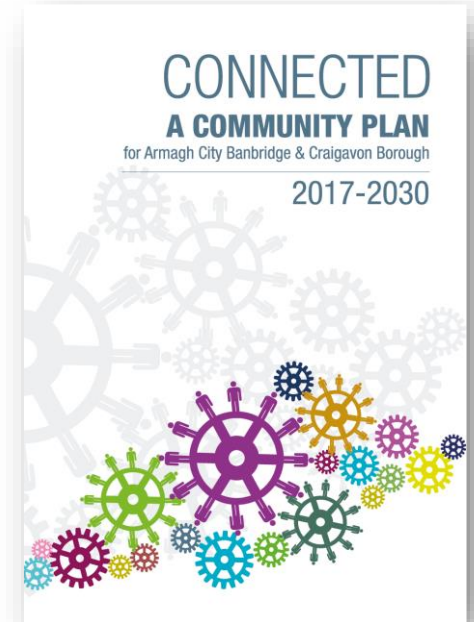

Process of developing baseline indicators...

6 BASELINE REPORTS
developed through
engagement with
providers/users

**CREATION OF DRAFT
PLAN** including proposed
indicators
PUBLIC CONSULTATION

**COMMUNITY PLAN
'CONNECTED'
LAUNCHED**

Indicators:

Reliable and robust sources, regularly available for all of borough, align with draft PfG

ENHANCED PLACE

“Our rich and varied built heritage and natural assets are protected, enhances and expanded for current and future generations to enjoy.”

POPULATION INDICATORS

- Number of buildings at risk saved
- Number of high quality parks/green spaces - those holding a Green Flag Award

Ranks = 1 most deprived, 890 least deprived

Let's Talk About the Evidence

- Do the statistics presented so far give a good and comprehensive reflection of your own experiences, and that of the local community?
- Did anything stand out for you? surprise you?
- Any gaps? Is there additional relevant information available to help build the picture?

Table Exercise ...

- What are the main issues and challenges that are impacting on the delivery of an enhanced and revitalised place?
- If there were three things that ERTAP could do over the next few years to make the greatest difference, what would they be?
