Community Planning Partnership

**Covid-19:  
Community Planning  
Partnership  
Consultation**

Survey Report June 2020

## Introduction

On the 3<sup>rd</sup> June 2020 two surveys were opened on the Armagh City, Banbridge and Craigavon Borough Council consultation hub, one aimed at the Community and Voluntary Sector Panel and one aimed at the Community Planning Partnership. The surveys covered the same topics with a few additional questions in the Community and Voluntary Sector Panel survey. The surveys closed on the 16<sup>th</sup> June 2020 with 24 responses to the Community and Voluntary Sector Panel Survey and 33 responses to the Community Planning Partnership survey.

Questions 5 to 8 on the CVSP survey were not asked on the CPP survey. Results for these are dealt with at the end of the document.

**CPP Question 5 / CVSP Question 9: Please share one example of local collaboration in response to COVID-19 that you are proud of and why?**

All survey respondents completed this question. One respondent from the CPP survey and three respondents from the CVSP survey were unsure or provided a non-applicable comment. The rest of the responses highlighted many instances of local collaboration. A number of these involved producing and distributing PPE. Many also mentioned working with community groups and food banks. There were also innovative ideas such as social distancing bingo and live music gigs online.

**CPP Question 6 / CVSP Question 10: In your opinion what has enabled the local response to COVID-19?**

All 33 respondents to the CPP survey answered this question while 22 from the CVSP survey provided a response. Similar themes emerged from both surveys, working together was the most common response in both. How the community had responded and their spirit was also highlighted by a large number of respondents in both surveys.
