

TRANSFORM YOUR BUSINESS

INNOVATION SUPPORT

The Borough is home to some of the most innovative firms in Northern Ireland. Keeping ahead of the competition increases your future prospects. This element will assist small and micro firms to embrace and practise innovation more widely.

- This element aims to support firms mainly in manufacturing and engineering.
- It will focus on new products, processes, technologies, or systems.
- Identification of Intellectual Property protection.
- How to create a 'culture for innovation' within your business.
- Businesses must be based in the Borough, employ less than 50 people and should not be an Invest NI client company.
