August 2021 – Stage 2 Aug

1. Introduction and Objectives

The purpose of this document is to provide guidance to those applying for grant assistance under the 'Empty to Occupied Programme' (the "Scheme").

This is a grant scheme which aims to encourage vacant commercial property owners to invest in their buildings, attract tenants and reduce long term vacancy.

Armagh City, Banbridge and Craigavon Borough Council (the 'Council') have committed to deliver the Scheme to support property owners and occupiers in bringing vacant properties back in to commercial or residential use. The scheme will create opportunities for tenants and improve the vitality and vibrancy of our city, towns and villages.

Property owners wishing to undertake external and internal property improvement works to enhance the lettable, functionality and appearance of their property are encouraged to apply for grant assistance through the Scheme.

The Expression of Interest (EoI) stage opened on Friday 5 March 2021 and closed on Friday 9 April 2021. The EoI Stage was mandatory for anyone considering applying for a grant. We used the information provided at the Expression of Interest Stage as the basis for deciding whether or not applicants would be invited to submit a Stage 2 Grant Application.

The results of the EoI stage have been communicated to all applicants and invitations to Stage 2 of the Grant have been issued.

The Scheme has a limited budget and grants will be made through a competitive process. The scheme is limited to one application per applicant. It is envisaged that a maximum of 15 schemes will be supported with the funding available.

The Scheme cannot fund costs incurred or any commitment to costs incurred prior to any offer of funding and permission to start notice from Council (retrospective funding). Projects that have already taken place or are already under way at the time prior to issue of an offer of funding and permission to start notice will not be funded.

In an attempt to minimise wasted effort and resources, we strongly advise you to undertake a self-assess eligibility check to determine whether an application will progress towards assessment. Council would recommend that you do not submit an application if your project appears to be ineligible without first discussing with a council officer.

The first point of contact for queries is the grant project officer who can be contacted via email at: **emptytooccupied@armaghbanbridgecraigavon.gov.uk**

Objectives

The Scheme outcomes will:

- Tackle prominent long-term vacant properties within the Borough's 'Settlement Development Limits'¹.
- Impact positively on the streetscape of our city, towns and villages.
- Provide high specification buildings.
- Widen the diversity of uses.
- Create buildings that are fit for purpose and ready to occupy.
- Create potential to attract meanwhile or long-term tenants.
- Bring redundant/disused floor space back into use.

¹ Settlement Development Limits are set out within each Local Development Plan. These can be found at https://wayback.archive-it.org/11112/20190702142313/https://www.planningni.gov.uk/index/policy/development_plans/devplans_new_council_area.htm (select the development plan for your area, select map library (on the right hand side bar) and then choose the map for your settlement).

2. Funding - Eligibility and Criteria

Who Can Apply for Financial Assistance?

The Council will not consider applications from Applicants that discriminate against Section 75 groupings. Section 75 outlines the nine categories for which due regard to the need to promote equality of opportunity must be paid, namely between persons of different religious belief, political opinion, racial group, age, marital status or sexual orientation; men and women; persons with a disability and persons without; and persons with dependants and persons without.

Council **will not** consider applications from Applicants that:

- discriminate against Section 75 groupings (see above);
- are businesses which have been in deficit for the last two financial years without a justifiable reason;
- relate to land or property which is to be, or could be sold, within 12 months from the receipt of final payment of grant aid. Where an award under this Scheme has been offered and accepted, the full grant must be repaid to Council;
- have submitted another application; and
- social enterprises.

In addition, Council **will not** consider applications for projects which:

- are located outside the Armagh City, Banbridge and Craigavon Borough Council area;
- have an eligible total capital spend of **less than £30,000** inclusive of professional fees;
- include or relate to repairs, improvements or construction of your own home / private dwelling.
- are unable to provide most recent audited accounts from the previous three financial years (as relevant to applicant);
- do not meet the objectives of the Scheme;
- have already taken place or are already under way prior to an offer of funding and permission to start notice being issued;

- duplicate what already exists;
- are deemed to be commercially unsustainable;
- are of a party political nature;
- promote a particular religion; or
- are contrary to Council policy.

At the point of publication of this guidance for applicants, public funding for organisations is no longer governed by the European Commission's 'State aid' rules as set out in Article 107-109 of the Treaty of the Functioning of the European Union and associated regulations and guidelines. Instead all grant decisions made after 11pm on the 31st December 2020 are subject to the new UK subsidy control regime, the principles of which are set out in Chapter 3 (Subsidies) of Title XI (Level Playing Field) of the Trade and Cooperation Agreement.

There is expected to be further guidance, a consultation and possibly new legislation in this area to build upon those principles. You will be expected to comply with the principles of the subsidy control regime and to satisfy any future requirements. Agreements that have been entered into will be reviewed and varied accordingly. We reserve the right to impose further requirements and additional conditions in relation to this matter.

It is an applicant's responsibility to check whether State aid or subsidy control clearance is required. Applicants should seek independent legal advice if they are unsure whether a project will require clearance.

What can you apply for?

This is a Capital Scheme only. There is no funding towards revenue costs such as training, IT/e-business and marketing expenditure. The maximum level of financial assistance is **60% of the total eligible capital costs** submitted and approved through a successful application, **capped at a maximum of £80,000** grant award per applicant.

The Scheme has a limited budget and grants will be made through a competitive process. It is envisaged that a maximum of 15 schemes will be supported with the funding available. The Council however reserves the right to restrict a funding offer to certain elements of a project proposal.

The scheme **will not fund**;

- land purchase or leasing;
- costs incurred or any commitment to costs incurred prior to any offer of funding and Permission to Start Notice from Council (retrospective funding);

- non-project specific costs;
- costs representing poor value for money;
- items purchased outside of the Council procurement guidelines (see Section 5.0);
- recoverable VAT;
- an item which can or is already being funded through another grant source;
- professional fees;
- insurance costs;
- interest / banking fees;
- cash expenditure will not be eligible for refund from Council;
- projects where contractors have already been appointed to undertake the work; or
- ongoing maintenance costs (e.g. painting) or consumables - i.e. goods used by individuals and businesses.

Eligible Costs

Please note: No retrospective funding will be given.

Eligible costs will be limited to;

- construction works (e.g. renovations, extensions, modernisation, conversion, flooring, lighting, electrical, wiring, plumbing and heating works) as required for the delivery of the project may be considered;
- non recoverable VAT; and
- purchase of items which are attached, or 'fixed,' to the property which are an integral part of the project.

If you are unsure, please email emptytooccupied@armaghbanbridgecraigavon.gov.uk for guidance.

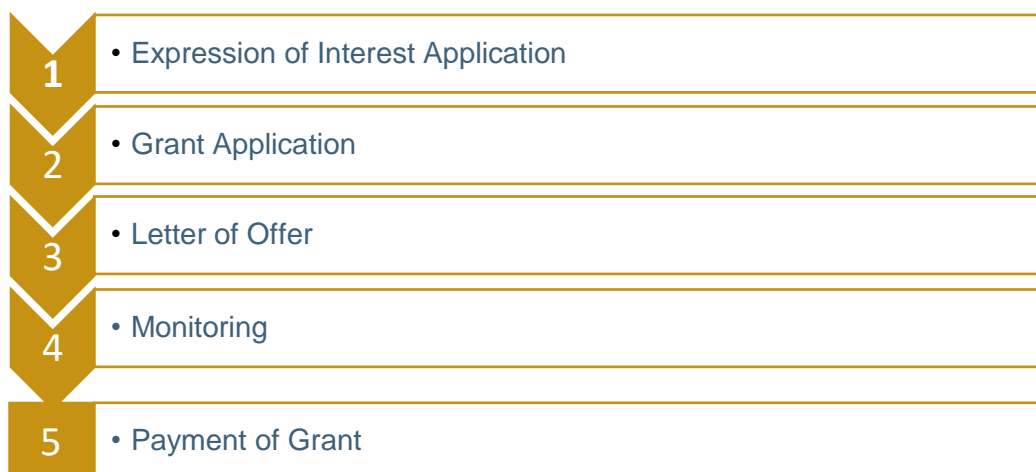

VAT

We cannot cover the costs of VAT that you can reclaim, it is therefore your responsibility to seek appropriate advice.

If your VAT status changes during your Project, we will reduce our contribution to the costs where you have managed to claim back the VAT.

3. Stage 1 – Expression of Interest

The Scheme will progress through five key stages.

Stage 1 – Expression of Interest (EOI) Application

The EOI was the first stage in applying for an Empty to Occupied Programme grant. **Completion of the Expression of Interest form was mandatory for anyone considering applying for a grant.** We, the Council, used the information provided at Stage 1 to decide whether or not to invite applicants to submit a Stage 2 Grant Application.

EOI Applications were evaluated using a two-stage process. EOI Applications had to demonstrate how they met all of the Eligibility Criteria at Stage A, before proceeding to be assessed against the EOI Assessment Criteria in Stage B.

The Eligibility Criteria in Stage A were Mandatory Requirements; therefore failure to meet all of the Eligibility Criteria in Stage A resulted in the EOI Application being eliminated and the Applicant not invited to submit a Stage 2 Grant Application.

Stage A - EOI Eligibility Criteria

The following Eligibility Criteria was assessed on a Pass / Fail basis as part of the Stage A evaluation process:

- I. The Property must be located within the Settlement Development Limits of Armagh City, Banbridge and Craigavon Borough. Settlement Development Limits are set out within each Local Development Plan. These can be found at https://wayback.archive-it.org/11112/20190702142313/https://www.planningni.gov.uk/index/policy/development_plans/devplans_new_council_area.htm. Select the appropriate development plan for your area, select the map library (on the right hand side) and then choose the map for your settlement.
- II. Applicants must have a freehold or long leasehold interest in excess of 10 years in the Property.
- III. The entire Property must be vacant for a period greater than three years. Documentary evidence of this will be requested at the Stage 2 Grant Application Stage.
- IV. The project must have an eligible total capital spend of more than £30,000 inclusive of professional fees.
- V. The Property must be occupied for commercial use or made available for let at or below open market rent following completion of the project. Please note that works to your own existing home / private dwelling or to create a home / private dwelling are not eligible.
- VI. The Applicant will agree to the property being surveyed and assessed by the Council's Professional Advisors.
- VII. The Applicant must agree to actively market the property and work with the Council's **Lease and Property Advisor**² to try and secure a tenant for the Property for a least 24 months following the completion of any works.
- VIII. The Applicant must provide a professional estimate of the project costs.
- IX. The applicant must provide a comprehensive photographic survey of the existing building including interior and exterior photographs.
- X. The Applicant must provide a statement outlining the type of tenants they anticipate will occupy the Property following completion of the works.

² The Council intend to make available a Lease and Property Advisor to work with applicants to help secure tenants for long-term vacant properties. The Council's appointed Advisor will work with property owners to assist them to secure a permanent tenant for their building or premise. Participants in the scheme must be prepared to work with the Council's Advisor regarding flexibility of lease, rents, maintenance and terms of occupancy. Property owners must also participate in a mentoring programme and workshops.

The Council assessed all Stage 1 Applications against the above Eligibility Criteria.

Essential Documentation Required

In addition to completing all of the sections and declarations required on the application form, the following supporting documentation had to be submitted online.

- 1. Evidence of security of tenure** must be provided as either:
 - a. proof of ownership of the land and, or, property where your proposed project will be developed. This could be in the form of either a copy of the property/land deeds or a letter confirming ownership from a solicitor; or

- 2. Evidence of project costs** by providing:
 - a. one quotation for the work that the funding application relates to or;
 - b. one cost estimate if produced by an appropriately qualified Quantity Surveyor.

Please note if an offer of grant aid is made the successful candidate must follow the Council's procurement process.

- 3. Photographic Survey** which must include:
 - a. Photographs of all external elevations (including roof);
 - b. Photographs of all interior rooms which will be altered through the proposed project works (including floors and ceilings).
 - c. Photographs of interior halls or passageways which provide connections to these rooms (including floors and ceilings).
 - d. Floor plans of each floor within the building with annotated room names or references.
 - e. All photographs must be clearly labelled with room names or references used on the floor plans and a brief summary provided of works to be undertaken within each room.

Stage B - EOI Assessment Criteria

All applications that PASSED the above Eligibility Criteria were then assessed using the following four 'Property Assessment Criterion'.

Property Assessment Criterion	Score Range	Weight	Max Score
<p>Vacancy Status Buildings which have the potential to bring vacant floor space back into use will be prioritised.</p>	<p>5 - Completely vacant building 3 - Vacant/cleared site</p>	4	20
<p>Contribution to Streetscape and Vitality Funding will be more beneficial in terms of overall impact if a vacant building (or site) which detracts from the streetscape is prioritised.</p>	<p>5 – Derelict building 4 - The building detracts significantly from the streetscape 3 - Vacant / cleared site 2 - The building has a neutral impact on the streetscape 1 – The building has a positive impact on the streetscape</p>	4	20
<p>Prominence Vacant buildings that feature prominently on key routes will be prioritised, as will vacant buildings that terminate a significant view or vista. Focusing on these buildings will benefit overall vitality, in terms of providing attractive 'gateways' and encouraging visitors to explore and dwell in the area.</p>	<p>5 – Building or site located at 'gateway', or terminates significant view or vista 3 – Building or site is on a main thoroughfare 1 – Building or site is less prominent</p>	6	30
<p>Need and Long Term Impacts Projects which clearly set out how the proposed works will provide accommodation and be occupied by a type of tenant that has an evidenced need in the local area will be prioritised.</p>	<p>5 – Excellent Response 4 – Good Response 3 – Satisfactory Response 2 – Poor Information 1 – Unsatisfactory Response</p>	6	30
TOTAL SCORE			100

Expressions of Interest Applications were then ranked in order of score. **The highest ranking application were then invited by letter to move forward to Stage 2 Grant Application.**

Applications deemed unsuccessful in the current call were not invited to submit a Stage 2 Grant Application, however may be considered at a later stage if additional funding becomes available.

4. Stage 2 – Grant Application

Applicants who are successful at Stage 1 EOI have been invited to submit a Stage 2 Grant Application.

Stage 2 – Expression of Interest (EOI) Application

Stage 2 Applications will be evaluated using a two-stage process. Applications will have to demonstrate how they meet all of the Eligibility Criteria at Stage A, before proceeding to be assessed against the Assessment Criteria in Stage B.

The Eligibility Criteria in Stage A are Mandatory Requirements; therefore failure to meet all of the Eligibility Criteria in Stage A will result in the Application being eliminated.

Completing and Submitting the Application Form

Detailed guidance on how to respond to the specific questions is included at **Appendix 2**.

It is recommended that you take the time to read the guidance offered.

The following are important matters in relation to submitting your application:

- **ALL applications must be submitted online.**
- **The funding call will remain open until exactly 12 noon on Thursday 30 September 2021, after which no applications or materials (unless specifically requested by Council) will be accepted.**

Please note:

- **It is essential that you avoid trying to submit your application at the last minute as any holdups may result in a late submission and your application therefore being deemed ineligible.**
- **Support to submit an application online will be available to applicants who request it. Anyone requiring such support should seek it at the earliest opportunity via emptytooccupied@armaghbanbridgecraigavon.gov.uk as it is not possible to guarantee the availability of assistance for everyone approaching the deadline.**
- **Incomplete applications, which do not include the necessary supporting material and/or applications received after the closing date will not be considered for evaluation.**

In **very exceptional** circumstances a paper alternative will be allowed but it is essential that:

- This must be agreed in advance with the Grant Project Officer.
- If agreed, then it must be hand-delivered to Craigavon Civic Centre before 12 noon on Thursday 30 September 2021 and a receipt from the Receptionist obtained as evidence of submission. No other form of submission will be accepted for paper applications.

Paper applications which are not approved for submission, cannot produce a receipt for their submission, or which are late, incomplete or delivered anywhere other than Craigavon Civic Centre, will be deemed ineligible.

All applications that PASSED the above Eligibility Criteria will then be assessed using the following five 'Property Assessment Criterion'.

Property Assessment Criterion	Score Range	Weight	Max Score
<p>Need for the Project Projects which demonstrate a strong market need and provide a clear explanation of why grant support is needed and the potential benefits to the local community will be prioritised.</p>	<p>5 – Excellent Response 4 – Good Response 3 – Satisfactory Response 2 – Poor Information 1 – Unsatisfactory Response</p>	4	20

Property Assessment Criterion	Score Range	Weight	Max Score
TOTAL SCORE			100

The Scheme has a limited budget and grants will be awarded through a competitive process. Eligible Stage 2 Applications will be ranked in score order and awarded a grant amount until the available funding is utilised. It is envisaged that a maximum of 15 schemes will be supported with the funding available.

Applications deemed unsuccessful in the current call will not proceed to Stage 3, however may be considered at a later date should additional funding becomes available.

Please note: Incomplete applications will not be accessed.

Site Visit

Following the submission of the Stage 2 Application and prior to the application assessment a site visit (subject to any Government restrictions) may be conducted by the Council and/or it's Professional Advisors in order to clarify any outstanding issues.

If additional information is required and cannot be provided at the site visit, you will be given 5 working days from the date of the site visit to provide this. Failure to meet the time limit will lead to the automatic rejection of the Application.

Review/Appeal Process

Following the decision to reject an application at the Expression of Interest Stage, the Applicant will be informed in writing stating the reasons for the decision. The Applicant may make a written request to review the decision within 10 working days from the date of the rejection letter. The formal review will provide an independent process through which the applicant will have the opportunity to demonstrate in writing to the Review Panel that either:

1. The decision was incorrect because the Council failed to take into account the information contained within the Application or took into account information that was not contained within the Application; and/or,
2. There was a failure in adherence to procedures and guidance issued with the call for applications or systems that materially affected or could have materially affected the decision; and/or,
3. That Officers involved in the assessment process had a clear conflict of interest and had failed to declare this in the appropriate manner.

Appeals on any other grounds will not be considered. It should also be noted that no additional supporting documentation will be permitted at this stage.

5. Stages 3, 4 and 5 – Letter of Offer, Monitoring and Payment of Grant

Stage 3 - Letter of Offer

Successful Stage 2 Grant Applicants will receive a Letter of Offer outlining grant value, programme and terms and conditions. It is anticipated that the letter of Offer will require an undertaking that:

1. All works will be carried out by the applicants appointed contractor, this contractor must be Construction Line registered with active status.
2. The applicant will appoint suitably qualified professionals to supervise their project.
3. The Council's Professional Advisors will closely monitor project progress.
4. Applicants must actively market the building and work with the Council's appointed Lease and Property Advisor to secure a tenant for their refurbished building.
5. The award of grant will be properly acknowledged in writing.
6. Council's procurement policy must be adhered to.

The following project timeline will also be outlined in the Letter of Offer:

- Grant award.
- Submit Permission to Start Form within 6 months.
- Receive Permission to Start Notice from Council.
- Deliver your Project within the Grant Expiry Date.
- Submit Completion Report within 3 months.
- Legally bound to the Standard Terms of Grant and the Grant Contract for up to 5 years or as otherwise stipulated (see section in this Guide titled Standard Terms of Grant).

To start your Project and be eligible for your Grant payment, you must complete a Permission to Start form.

You will be expected to submit your Permission to Start form within **three months** of the date of your Letter of Offer. If there are substantial delays and it has not been received within six months we may decide to withdraw the offer of your Grant.

Before we are able to grant you Permission to Start, you will need to complete the following tasks (if applicable):

- Confirm that the funding shortfall is in place.
- Obtain and confirm that all statutory permissions are in place.
- Secure any necessary licenses, for example a newt or bat license.
- Confirm ownership of freehold or leasehold Property to meet our requirements.
- Any other requirements set out in the Letter of Offer.

Once we have approved your request we will confirm your Permission to Start. You can then start work on your Project. You should not start any work on your Project until you have our written permission to do so. If you do so it is at your own risk and the Project will no longer be eligible for funding.

NB: The Council will not retrospectively fund projects.

We recommend you;

- do not start your Project before receiving a Permission to Start instruction from the Council;
- acknowledge your funding and promote the Scheme;
- keep track of your Project spend;
- keep track of your Project timetable;
- retain all original invoices and receipts;
- begin marketing and looking for a tenant from the outset;
- remember to claim your Grant; and
- make sure you communicate and make Council aware of any issues.

Grant Expiry Date

Your Grant Expiry Date will be given in your Letter of Offer. It will be based on the Project timescale as identified in your Application.

You must complete your Project and submit your Completion Report and Final Payment Request form by the Grant Expiry Date.

If you experience delays in delivering your Project, you can request in writing an extension to the Grant Expiry Date. You must notify the Council as soon as this becomes apparent.

We will try to be flexible but cannot guarantee an extension and if your Project takes significant longer than set out in your applicant we may close your Grant and ask for the repayment of all or part of your Grant Award.

Procurement

Procedures to recruit consultants and contractors must be fair and open and comply with the relevant equality legislation.

In all Projects regardless of the level of funding you will be required to provide details of the procurement (buying), tendering and selection process for all parts of your Project. If you are unsure about your obligations, you are advised to seek professional or legal advice.

Applicants must demonstrate value for money and adhere to Armagh City, Banbridge and Craigavon Borough Council Procurement Policy.

Applicants must agree to Council's Terms and Conditions of Grant Award. These include an undertaking that:

- All works will be carried out and supervised by suitably qualified professionals; and
- Council's procurement processes will be followed when delivering the project ie:

Estimated Value

Process To Be Used

Where estimated cost is up to £7,500

A minimum of 3 written competitive quotations required.

Where estimated cost is £7,501 - £30,000

A minimum of 4 written competitive quotations required.

Where estimated cost exceeds £30,000

Public advertisement required.

The above figures are exclusive of VAT and show the **minimum** number of quotations which should be sought.

The applicant must seek quotes from and appoint contractors who are Construction Line registered with active status in line with Council Procurement Thresholds.

Your Project may be covered by procurement rules if it exceeds certain thresholds. This may require that all services for both fees and construction will need to be tendered in a specific way.

You do not necessarily need to appoint the contractor/supplier/consultant who provides the lowest quote. When deciding who to appoint for your Project you should look at the overall value for money the quote presents and the skills, experience and financial viability of the contractor/supplier/consultant.

Fees for any consultants or other professionals that you recruit during the Project should be in line with professional guidelines and be based on a clear written specification.

If any of the contractors / suppliers / consultants you wish to appoint are linked, for example close friends or relatives, or if there is any financial link such as ownership or employee of these contractors, suppliers etc you will need to obtain written permission from Council at the outset.

Stage 4 – Monitoring

The Council's Professional Advisor will monitor each project to its completion and provide appropriate support for the applicant in relation to the scheme's operation throughout the period of the scheme.

During this Stage the applicant must as a minimum:

- Provide evidence of and confirm in writing that all stages of the goods/services procurement process is in line with the Council's Procurement Policy.
- Provide regular Progress Reports including updates on works undertaken, procurement, costs, submit interim certificates for review and monitoring and provide photographic evidence.
- Allow access for regular site progress visits by the Council and its Professional Advisors.
- Work with the Council's Lease and Property Advisor to actively market the property (if no tenant has been secured).
- Provide a Practical Completion Certificate.

It is important that submitted documents are legible and are given names that usefully describe their contents.

All documents should be in PDF format, with the exception of spread-sheets which should be in their original format.

As part of the monitoring process the Council's Professional Advisors will require access to the project site at all times.

Photographic Record

You will be required to capture photographs throughout your Project showing your progress which you should submit with your Progress Report (where relevant). You will need to provide a photographic record of your Project with your Completion Report and Final Payment Request form which includes at least five high-resolution digital images in electronic format (jpegs) showing different aspects of your Project.

The images should show your Project occupied. You will need to provide a sample of images that show your Project before, during and after it is finished. When completing your Progress Report and Completion Report and Final Payment Request form you can let us know if material from your Project is available on the internet and where it can be found.

We may make use of your images in publicity material. Before you provide us with any images, you must ensure that the necessary consents are in place and the images are free of copyright constraints. This is particularly important where images include young people or vulnerable adults and where specific permission must be sought in advance. If you require any guidance on this, speak to us.

Progress Report Form

When you have spent the first 50% of your works budget you will need to submit a Progress Report.

We will monitor the progress of your Project to confirm that it is being delivered as identified in your Application and the stipulations set out in your Letter of Offer. In between submitting your Progress Report, it is important that you keep us informed of progress in reaching key milestones, for example appointment of contractors, or issues arising so that we can respond and support you as appropriate.

Stage 5 – Payment of Grant

Your Grant will be paid in two instalments based on the following percentages:

- **90%:** Once the works associated with your Project is complete.
- **10%:** Once you have successfully secured a Tenant and they have occupied the Property or, if this has not been possible, once you have demonstrated that you have actively marketed the property for a continuous period of two years and have constructively worked with the Council's Advisors to try and secure a Tenant.

Once the works associated with your Project is complete you must submit the Completion Report and Grant Payment Request form which can be obtained from us.

This form will allow you to claim the payment of your Grant (up to 90%). It is recommended that you do this as soon as you can gather all the information together and while the Project is still fresh in your mind.

This form **must** be submitted within **three months** of completing your Project. If we do not receive the report within this timescale, we may withhold your final payment or reconsider the sum of some or all of your Grant.

By complete we mean;

- your Project is finished;
- you have a Practical Completion Certificate;
- you have evaluated your Project and created a Completion Report; and
- you can supply Project photographs (jpegs).

Please note that we will not make your final payment until we have received and reviewed all the required information including your Completion Report.

Once you have made your Grant request, we will not accept any further requests for payments from you. You should therefore agree your final accounts with your contractors and suppliers before you apply for the Grant payment.

We will continue to keep in contact with you at intervals after the Project is completed including through Surveys.

The Completion Report you need to provide must include:

- Certificate of Practical Completion;
- Project invoices received during reporting period;
- Table of costs for amounts of less than £250
- Confirmation that contents and buildings Insurance is in place to cover ; and
- Photographic record of your Project.

We aim to release the Payment of 90% of your Grant within 30 working days of receiving your completed claim form and all the mandatory supporting documents (see Appendix 1).

When the property has been let and occupied, or after the continuous two year marketing period (as set out above) has passed, you must submit an Evaluation Report telling us the marketing activity, terms and evidence of any lease entered into in relation to the *Project*, the

Projects achievements and any lessons learned.

This submission of this Evaluation Report will, subject to assessment of its content, allow you to claim the payment of the outstanding element of your Grant. We recommend that you do this as soon as you can gather all the information together and while the Project is still fresh in your mind.

The report **must** be submitted within **three months** of the building being let and occupied or 27 months from your Project Completion Date if the property has not been let. If we do not receive the report within this timescale, we may withhold your final payment or reconsider the sum of some or all of your Grant.

Payment will be made to the bank account identified in your Permission to Start and Payment Request form.

Projects Completing Under Budget

If you spend less than your agreed costs and your Project completes under the budget of your Grant we will adjust your Grant accordingly. Your final payment will be calculated based on your overall Project costs and the Grant Percentage identified in your Letter of Offer.

Project Completion Date & Grant Contract Duration

The formal Project Completion Date is the date of the letter we will send you at the end of your Project letting you know that we have received all the necessary documentation to record the Approved Works of your Project as complete and pay 90% of your Grant.

Your Letter of Offer states the duration that the Grant Contract will apply to your Project during which you must maintain your ongoing Project commitments. This starts once we have signed your Permission to Start form and will last for five years after the Project Completion Date.

A delay in submitting your Completion Report and Final Payment Request form will extend the duration of the Grant Contract.

Appendix 2 – Guidance on Completing the Stage 2 Application Form

Completing the Stage 2 Grant Application Form

This section offers help regarding the type of information we are looking for when answering specific questions. It is designed to help you - so reading it and referring to it when completing the application form is likely to improve your chances of securing funding.

Before you start

Before you start your application, here are some important reminders:

- The information provided in the Grant Application will inform the Council's decision as to which applicants will be invited to proceed to Stage 3 and receive a Letter of Offer.
- Please ensure each question is answered.
- Answer each question as fully as possible and do not be reluctant to repeat part of an answer given in response to one question, when answering another question if the answer is relevant.
- Please answer the questions on the basis that the assessing officer has no knowledge of your project or organisation.
- **Sell us your idea.** Explain really clearly what your project is and how it will benefit the local area. It is difficult to make a case for an award of grant if we do not fully understand your project.
- **Do not ask for the full amount if you do not need it.** Although you may be able to secure funding for example for 60% of your project costs, please do not ask for that amount if you do not need it. Provided you remain below the maximum, you can request whatever rate of grant is most beneficial to you (as this offers better value for taxpayers' money).
